### KZNA Registration / Qualification rules 2019/20

5<sup>th</sup> May 2019

Dear Coaches / Club Chairpersons,

**Process when entering galas.**- This applies to all districts as well.

The names of their registered timekeepers or Judges will need to accompany their swimmers entries **before** the entries will be actioned by the KZNA office. Should you fail to submit your officials with your entries, you will be advised that your entries will not be actioned until this is corrected by the KZNA office. I would ask those clubs that continue to do this, to refrain from doing so and to submit your officials with your entries. Do not send me ( Mrs Naidoo but their full name Narisha Naidoo ) as we have to check against registration data basis.

Please could I ask that you copy me with your official's lists, [gavincjackson@gmail.com](mailto:gavincjackson@gmail.com).

**It is the clubs responsibility to get all their officials qualified and registered. We are currently finding that clubs continue to submit names of unqualified and or unregistered parents. Please don't do this.**

This will not be verified by KZNA office but by KZN Officials Society after the completion of the gala and should it be found that the officials are not registered and/or qualified, or even short the clubs will be fined accordingly.

**R100 for not being qualified and R100 for not being registered.**

Should you submit official's names and they do not report for duty and they form part of your clubs quota that's required, the club will be fined **R250**.

For every **10 registered swimmers** the club must have a **Judge qualified** and able to work on pool deck. This year we must improve our technical Judges at all our galas.

SSA have insisted that clubs must encourage their parents to get involved, we need Judges and people in our computer room. If we don't get it right we will be paying fines or our swimmers will be excluded from national galas.

I want to make it very clear to all clubs, it's not a fundraising initiative, **our goal is to have our officials qualified and registered.**

We are giving clubs up till Gala 3 to get their officials registered and qualified then fines will be charged.

**Kind Regards**

**Gavin Jackson.**
