02 June 2020

## Opening of Swim Schools and Club Training

Kwazulu Natal Aquatics hereby advises its members to ignore Email and WhatsApp messages that are postulating that there is no law stating that “Swim School business cannot operate”. All sports federations, including our mother body, Swimming South Africa, are in discussions with the relevant authorities in National Government. These bodies include Sports and Recreation South Africa, Occupational Health (part of Department of Health) as well as the Department of Trade and Industry. It must be noted that decisions made in one sector have a cross cutting impact on other sectors, e.g. any movement of children will have an impact on the transport sector.

We are advising members to be patient and allow the relevant government structures to finalize their consultations and let us wait for the Regulation 3 directives to be gazetted. We have a good relationship with all government structures and do not want to jeopardize these working relations going forward.

Lastly we must ensure that everything we do is to protect the interests of our children, staff and stakeholders. We do not want a swim school or club to be associated with a Covid-19 outbreak – besides the risk to the health of the people, imagine the bad publicity that will take many months to live down!

Yours in swimming

Peter Thompson  
President  
Kwazulu Natal Aquatics
