THE SCHOOL PRINCIPAL

Dear Sir/Madam

CRITERIA FOR THE IDENTIFICATION OF FOCUS SCHOOLS FOR AQUATICS IN KZN

The KwaZulu-Natal Department of Sport and Recreation has tasked our organisation, KwaZulu-Natal Aquatics (KZNA) with identifying focus schools for aquatics in the various regions as well as two specialist aquatics schools in the province. In keeping with the new policy directions of the national Department of Sport and Recreation, in which schools become the key to sporting development, sporting codes throughout the country are being asked to identify schools which are best placed to promote sporting excellence in the various codes.

In order that this be seen as an open and transparent process, we would like to involve yourself in refining the draft criteria for identifying these focus schools. We clearly need to establish the criteria by which these schools can be identified, the benefits to the schools, benefits to learners and then determine the expectations that such a school needs to fulfil to receive this recognition.

Based on your performances over the past year, we are inviting your school to a meeting at 16h00 on Thursday, 13 September at the King's Park Pool KZNA Boardroom, to discuss the above. We apologise for the short notice – unfortunately, the Department has provided us with a very tight timeframe to submit our response.

We trust that you will be able to ensure representation to this meeting.

Yours sincerely

Rajen Naidoo
Secretary
KZN Aquatics
